

ANTHONY JENKINS

Anthony is currently a Data Center Executive at Dell Technologies, where he has been since October of 1996. He also is a member of Springfield Baptist Church in Raleigh, NC where he has been since September of 1991. At Springfield, he serves as a deacon and since 2004 has been chair of the Economic Empowerment Ministry. He received a Bachelor of Science as part of the first Computer Science graduating class from North Carolina Agricultural & Technical State University, affectionately known as A&T in 1986.

Anthony grew up in Woodland, NC and has been a resident of Raleigh, NC since 1989. While working at N.C. State University he met and married his wife Vicky in 1991 and they have a 16 year old son, Isaac. Vicky has a BS in Industrial Engineering and a Master of Science in Management, both from N.C. State.

Anthony is passionate about bringing people together to share ideas, then put those ideas into action so someone can be helped. Whether it's family, friends, co-workers or customers; when this is done needs are met. He is currently developing a brand call Generations under which he will be releasing a book titled "Creating Financial Stability for Future Generations"
